WHY USE GVX PET AND ODOR DEODORIZER & STAIN REMOVER?

GVX's Pet and Odor formula utilizes the cleaning power of pharmaceutical grade Australian Tea Tree Oil as the foundation for its cleaning & odor-removing efficacy.

Tea Tree Oil is recognized as a biocidal agent and is listed by the U.S. FDA as a natural bacteriostatic agent. Pet and Odor is unique because it is effective on both residues and odor-causing bacteria. GVX Pet and Odor has a natural affinity for, and ability to clean, degrease, and deodorize virtually any carpet, textile, or hard surface.
